

DANIELSON AND PUTNAM NEWS

DANIELSON

Orders for Drill Season Soon—Young People's Course Opens—Progressives to Have Rally—Young Greek Leaves Family to Fight for His Native Land

Gordon A. Johnstone, agent of the Danielson Cotton company, leaves Friday for a visit with his mother at Moncton, N. B. He will return during the coming week.

Seriously Injured.

Mrs. W. A. Whipple has been called to Providence, where her brother, Frederick White, was seriously injured in an automobile accident.

Dr. G. Byron Sweet of Griswold was in Danielson Wednesday.

Mrs. Martha Nutall and family, who have been living on the West Side, are to occupy the Austin Williams place on Main street.

Only a few days remain for handing lists of taxable property to the assessors, ten per cent. being added after the first of the month.

The Misses Dyer of Brooklyn have left that place to spend the winter abroad.

John Eno of New London, formerly of Danielson, was a recent visitor in town.

State Registers for Distribution.

Sheriff Preston B. Sibley has a number of state automobile registry books which he says he will be pleased to give to anyone interested.

Albert Malliot, clerk in Church's store, is slowly recovering from a severe illness with pneumonia.

W. B. Moody of the Canoe River mill, Taunton, Mass., may be the new agent of the Danielson Cotton company here, but this has not been authoritatively announced.

Husking Bee.

Mr. and Mrs. Henry Spaulding of South Killingly are to have a husking party at their home in that place tomorrow (Friday) evening.

A fine rabbit dog owned by Ralph Young was accidentally shot in the woods while on a hunting trip.

An unusually large number of wild ducks, black variety, have been shot in this vicinity during the present hunting season.

It was stated here Wednesday that application will be made to the county commissioners for a license to do a liquor business in the Eli Dagunas place on Railroad square.

Military Changes.

Local military men are interested in the announcement of the impending retirement of Col. Gilbert L. Fitch of Stamford as commander of the coast artillery corps and in the succession of Lieut.-Col. Henry S. Dorsey of New London to his place. Colonel Fitch has been granted leave of absence until December 11, when, at his own request, his name will be placed on the retired list.

Orders for Drill Season.

Capt. Robert L. Darbie of the Thirtieth company, C. A. C., within a few days will issue his orders for the drill season that is to open with the coming month. Captain Darbie has been granted leave of absence from November 1 to January 1, and during that period the company will be under the command of Capt. A. Putnam Woodward, who will be recalled from the retired list for the service.

YOUNG PEOPLE'S COURSE

Opens With Delightful Evening by Parker's Boston Imperials.

Notwithstanding the unpleasant weather, there was a capacity audience at the Orpheum theater Wednesday evening for the opening concert of the Young People's course of entertainments, which are to extend through the winter. Parker's Boston Imperials, a group of eight talented vocalists and instrumentalists, gave the concert, which included vocal quartettes and quintettes, instrumental trios, harp solos, vocal duets and solos, string and vocal ensembles. The entertainers left nothing to be desired, satisfying the anticipations of those who have become familiar with the uniform excellence of the offerings in the always popular course.

First Idle Day in Week.

Wednesday, the first rainy day in weeks, demonstrated by forcing into idleness many who are employed out of doors, how completely all available help has been absorbed within the last few weeks. On clear days recently the business section of Danielson has been bare of all excepting those called there.

COLDS AFFECT THE KIDNEYS

Many Norwich People Have Found This To Be True.

Are you watched in bad weather? Does every cold settle on your kidneys?

Does your back ache and become weak?

Are urinary passages irregular and distressing?

These symptoms are cause to suspect kidney weakness.

Weakened kidneys need quick help.

Doan's Kidney Pills are especially prepared for weakened kidneys.

Norwich people recommend them.

C. M. Parry, R. F. D. No. 7, Norwich, Conn., says: "I think my kidney trouble was brought on by an injury. I had a great deal of pain in my back, especially at 1 attempted to stoop, and sometimes at arising I was lame and sore. At 1 caught cold it was sure to make my trouble worse. One of my relatives had used Doan's Kidney Pills with good results, and when he advised me to try them I procured a box. This promptly acted directly on my kidneys relieving the pains in my back and benefiting me in every way. I can now sleep well and I do not have that tired feeling in the morning. I still take Doan's Kidney Pills occasionally and consider them an effective kidney remedy."

For sale by all dealers. Price 50 cents. Foster-McIlhenny Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

JEWETT CITY VOLUNTOWN PLAINFIELD

by necessity, but on Wednesday many out of work for the day were killing time about town.

Progressive Rally Tonight.

Tonight (Thursday) when the progressives hold their first rally in Killingly, the observers of things political those in closest touch with the affairs of the town will be able to gauge the strength of the new party in this town. Progressive leaders are claiming from 300 to 400 votes, but bets with them are being made that the records of the coming election will be under the lower figure. No one, not even of the third party, seem certain of the strength, however, so the rally tonight will hold special interest for those trying to study out the situation for one reason or another.

Town Equipped for Road Building.

During the last few days there has been an expression of sentiment about town that Killingly should continue to build the sections of state road that are to be let during the present fiscal year. The town has the road building machinery and has always made good in this class of work. The contract recently let to the Trumbull Construction company for the road from a point near Attawaugan to the Putnam line will be the first to be carried out in Killingly by a party other than the town in a number of years.

Bowling Season Opens.

Bowling has again been taken up for the winter season and a strong team of rollers is being developed at the Center street alleys. This combination has already had some interesting games with Moons teams.

Leaves Family for Fatherland.

Some local people are impressed that some of the Greeks who have gone away from here to fight for their native land are over patriotic. One young woman and her baby have been left by a husband father, who may be so unfortunate as never to return. The little family remains here with relatives and many are the tears that the mother sheds.

Rain Welcome.

Owners of woodland property in this section breathed a sigh of relief on Wednesday when rain began to fall in sufficient quantities to avert for a time the danger of forest fires.

PUTNAM

Guardian Opposes Departure of Greek Minor—Superior Court Session Today—Hospital Guild Reports Balance of \$374—License Renewals Desired.

So intense is the patriotism of the Greeks in the manufacturing towns in this section that some of the over-ardent ones are making difficulties for others. A case of this kind was called to the attention of the Putnam police on Wednesday, when a Greek boy from Webster came here with the avowed purpose of getting a train for New York, where he was to sail for Athens. The boy is a minor, George Stanopoulos, and his guardian wanted every effort made to keep him from getting away. Captain Murray heard the man's complaint, and it was afterwards ascertained that George was in town, but if he wanted to go to New York nothing was done to prevent him.

Drink Sends Two to Jail.

John Kelley of Dayville was sent to jail for 60 days from the city court here Wednesday. John had not only been intoxicated, but also had taken the idea into his head of beating up Officer Julius Cordier, who arrested him. Kelley hit the officer and was knocked down in return. For this offense he was sentenced to serve 30 days and got another 30 for resisting the officer. William Demers was also sentenced Wednesday by Judge L. H. Fuller to serve 30 days for intoxication.

Douglas-Herrendon Case Settled.

The superior court will come in here this (Thursday) morning with Judge Bennett presiding. The case of Rooney vs. Ryan, a Pomfret matter, will be for trial. The case of Nathan E. Douglas vs. William Herrendon, to have been tried at Williamstown, has been settled out of court.

To Get Election Returns Promptly.

Citizens of Putnam who care to stay up and listen to them will have no difficulty in getting early returns election night. It was stated here Wednesday that the leaders among the Republicans, Democrats and Progressives would probably divide the expense of getting one set of returns. At the Putnam has what has happened politically throughout the country will also be bulletined and the theaters will let their patrons know how California and Oklahoma people have voted.

Stretch of Good Road.

The piece of state highway in Massachusetts from Webster to the Connecticut line in Thompson is to be completed in about ten days. This stretch of road will connect with the piece recently authorized constructed in the town of Thompson by the Connecticut highway commissioner.

Saturday's Grange Meeting.

Quineburg Pomona grange, No. 2, including all of the subordinate granges in Windham county, will hold a special meeting with Seneca grange at South Woodstock Saturday. The fifth degree will be conferred upon a class of candidates. Among the speakers is to be Joseph Pinous, editor of the Jewish Agricultural Press, who will discuss Co-operative Selling, Buying and Financing.

Hospital Guild Report.

The annual report of the treasurer of the hospital guild shows receipts for the year as follows: Cash on hand, November 1, 1911, \$356.73; interest, \$5.74; received from 27 directors, \$242.55; total, \$605.02. The disbursements amounted to \$230.48, leaving a balance of \$374.54 on hand.

Women in Various Windham County Towns are Interested in the Work of the Guild, which is responsible for a great deal of excellent work for the benefit of the institution.

Sailorman Takes a Mate.

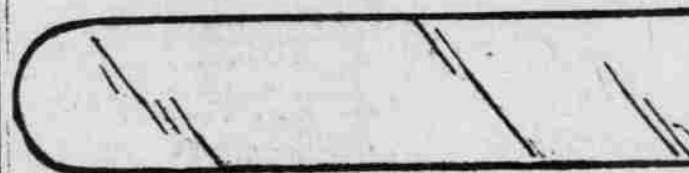

William L. Crocker and Miss Emma Giles, married here by Rev. George D. Stanley, are the only out of town couple that has been in Putnam to wed during the present week. The marriage license shows that the bride's home is in Worcester and that the groom has no home—that is, no place of residence, as by occupation he is a sailor.

Mail Unclaimed.

Letters addressed as follows are unclaimed at the Putnam postoffice this week: Mrs. A. L. Gardiner, Mrs. Emily Mang, Mary D. Ricker, Peter Currier, W. H. Kyle, L. Pate, Fred Shatt, Joseph Pequette.

Henry Howarth, John Babbitt and Frank Warren have gone to Jacksonville, Fla., the first two to remain for

Save These Wrappers

Get These Silverware Premiums

the winter, the last to return after a few weeks.

The Matter of License.

The county commissioners have announced no date for coming to Putnam to grant licenses, but all of the dealers doing business here have filed applications for renewals. Putnam has more licenses than it would be entitled to under the one to 500 law, but this is due to the fact that Putnam has not been a no-license town since that measure became effective.

Relative to licenses, a Putnam man was heard to remark Wednesday that he would give a thousand dollars for a license at the old club house at Alexander's lake, which is in the town of Killingly, but he realized that such a sum or one many times larger could not bring his desire about.

Complaint from State Policeman.

State Policeman Robert Hurley of Hartford stopped off in Putnam a few minutes before trains Wednesday. Mr. Hurley paid a compliment to the rectitude of the people of the towns in this part of Windham county by saying that for the past year and more the state police have had little occasion to come here on business connected with their department.

STUDENTS PUNISHED FOR ROWDY CONDUCT.

Ringleader Permanently Dismissed, Another Dropped for a Year.

Champaign, Ill., Oct. 22.—The University of Illinois council of administration tonight dismissed two students for complicity in a riotous attack on the opera house Saturday night during a celebration of the university's victory over the University of Danvers football team.

J. K. Walton of Anna, Ia., a sophomore, was permanently dismissed for being a ringleader. V. H. Halperin of Chicago, a freshman, was dismissed for one year, his punishment being reduced because of his youth.

Announcement was made that an investigation is being conducted by Thomas Markle Clark, dean of men, and that it is likely that more will be punished.

Middletown.—Ass. L. Chamberlain, a New Haven insurance man, was arrested by Policeman W. S. Wadsworth of Middletown on the charge of violating the city ordinance by leaving his automobile in front of a fire hydrant on Main street.

Advice to Mothers

Have you had baby's photograph taken? It's an art to take baby's photograph as it should be taken. To catch his roguish little smile, his pretty little dimple. Such photographs become prized reminders of babyhood's days in years to come. We have had years of experience in photographing children. They always look their best when we take them. No troublesome posing. Snap them in a jiffy.
